Letter of Recommendation

To whom it may concern:

I hereby confirm that the Protea Hotel Knysna Quays has been advertising with *FindItSA* since the opening of our hotel.

The service experience and quality of the product produced has been faultless hence our commitment to the product. The advertising prices have remained reasonable and the practicality and value of the print is far superior to what we have seen from various local and national competitors.

I would highly recommend *FindItSA* to any interested parties.

For more information do not hesitate to contact me.

Kind Regards

Eugene Barnard
